Shonta D. Collins
Founder & President
Explorers Sans Frontieres
2415 Almond Street
Philadelphia, PA 19125

Dear Shonta,

It was a real pleasure seeing you again and meeting the young leaders at your social event at XIX. I am impressed by their level of commitment to Explorers Sans Frontieres' local and global initiatives providing education and healthcare services to disenfranchised children. Their enthusiasm and optimism regarding the recent election was both refreshing and encouraging. Lastly, the diverse group of supporters who attended the event demonstrated their interest and commitment to you and the mission of your organization.

It is obvious that you are a true leader and a visionary with a big heart. Your dedication along with that of your young leaders will fill a void for many children around the world who are in need of education and healthcare services. We feature pictures of the event in December's **Voices** Newsletter, a GPUAC publication. Please request copies and share with your supporters.

Thanks again for the invitation. I look forward to hearing more about your work and your future successes.

Best Regards,

Sharmain Matlock-Turner
President/CEO
